

**ELKAY**

# ezH2O® Floor-standing Bottle Filling Station

DSSBF8S2X

## **Convenient. Refreshing. Easy Upgrade.**

A refreshing and hygienic upgrade to your existing Elkay® water cooler, this freestanding bottle filling station is convenient and can be installed in any indoor location where there is a water supply and drain. Minimize dependency on disposable plastic water bottles and enjoy chilled, filtered water.

### HANDS-FREE ACTIVATION

No-touch sensor activation delivers a clean, quick water bottle fill. An automatic 20-second shut-off timer guards against unwanted spills and overfills.

### QUICK AND EASY RETROFIT

Easily retrofits existing EFA and LAFE 115V style coolers. Say goodbye to the bubbler and hello to hygienic hydration.

### FLEXIBLE INSTALLATION

This freestanding unit can be installed anywhere there is a water supply and drain. Its traditional floor mount design allows for freestanding or wall backed installation.

### FILTERED WATER

Model is designed for our WaterSentry® filter, which is certified to NSF standards to reduce lead and other harmful contaminants (filter sold separately).

### SUSTAINABILITY THROUGH BOTTLES SAVED

Minimize dependency on disposable plastic water bottles. Our Green Ticker™ informs users of the number of 20 oz. plastic water bottles saved from waste.

### SINGLE-CORD DESIGN

A convenient, single power cord design makes this freestanding bottle filling station a true plug-and-play solution.
